info@hydrotechmembrane.ca - www.hydrotechmembrane.ca

1.4. Emergency telephone number

Emergency number : Professional Emergency Resource Services (PERS) Domestic/Canada: 1-800-633-8253
International : 1-801-629-0667
POISON CONTROL CENTER (QC 24 hours): 1-800-463-5060

Notice: New GHS Standard Requirements
Material Safety Data Sheets (MSDS) / Safety Data Sheets (SDS)

The OSHA Hazard Communication Standard (29 CFR 1910.1200) was recently updated to require that Material Safety Data Sheet (MSDS) for hazardous chemical products is updated by June 1, 2015 to meet the updated Globally Harmonized System of Classification and Labelling of Chemicals (GHS) format and content requirements for Safety Data Sheets (SDS).

Disk Anchors supplied by Hydrotech Membrane Corp. is not classified as a hazardous chemical under the 1910.1200 rule. Disk Anchors meets the OSHA definition of manufactured "articles" (1910.1200(c)) that will not expose users to hazardous chemicals under normal and expected conditions of use, and are therefore exempt from all requirements of the rule, including the requirement to produce an SDS (1910.1200(b)(6)(v)).

Hydrotech Membrane Corp. will continue to provide product data sheets for each of our products. However, effective immediately we will no longer provide SDS for those products that are not classified as hazardous chemicals as outlined in the new GHS standard.

For more information on OSHA Hazard Communication Standard (29 CFR 1910.1200), please visit www.osha.gov.
